

# MEF Pony Express Grant Application

Only use for grants under \$1,000  
Grant Form for ISD 332 Staff and Community

Announcing the Pony Express Program! Do you have a great idea for a grant program costing \$1,000 or less? Do you need to implement this program on a short timeline? We may have just the program for you! The Foundation will consider applications on a monthly basis for grant programs of \$1,000 or less. Grants will be reviewed in the month following submittal and grant leaders will be notified via email prior to month end if the grant was approved or not. The proposed project must be imaginative and innovative and not previously funded by local, state or federal taxes as MEF funds are not intended to replace public or ISD #332 revenues.

If you have previously received a Pony Express or Mustang grant from the MEF (not mini-grant), the written evaluation for the previous grant must be submitted before applying for another grant.
